# FOREWORD

In a world where innovation and creativity are key drivers of economic growth, the importance of a strong and collaborative intellectual property (IP) framework cannot be overstated. ASEAN, as a community of diverse nations, has consistently recognized the need for a unified approach to managing and protecting intellectual property across the region. Since the inception of the ASEAN Intellectual Property Rights Action Plan (AIPRAP) 2016-2025, our collective efforts have been guided by a single vision: to foster a robust IP environment that supports the sustainable development of our Member States and enhances regional integration.

Over the years, significant strides have been made in building a cohesive IP framework within ASEAN. Our Member States have implemented various initiatives to strengthen IP protection, enforcement, and capacity-building efforts. Among these, Deliverable 13.1 of the AIPRAP stands out as a pivotal achievement. This initiative, which focuses on establishing an ASEAN directory of local and foreign intellectual property experts, is designed to support parties in dispute, IP practitioners, and judicial officers in the hearing of complex IP cases. The directory is a vital resource that will enhance the region's ability to address the challenges posed by emerging technologies and intricate IP disputes.

The development of this directory has been a collaborative endeavor, led by Brunei Darussalam and the Philippines as Co-Country Champions, with valuable contributions from all ASEAN Member States. The expertise and dedication of our IP community have been instrumental in bringing this project to fruition. This directory not only reflects our commitment to strengthening IP in ASEAN but also serves as a tool for promoting cooperation and knowledge-sharing among our Member States.

The dynamic nature of intellectual property requires ongoing efforts to adapt and evolve. As we continue to navigate the complexities of IP in the digital age, it is crucial that we remain vigilant and proactive in addressing new challenges. The ASEAN IP Experts Directory is a step forward in this journey, and I am confident that it will play a significant role in supporting our Member States in their pursuit of excellence in IP management.

I extend my heartfelt appreciation to all those who have contributed to the development of this directory. Your hard work and dedication have laid a strong foundation for future cooperation and innovation in the ASEAN region. May this directory serve as a valuable resource in enhancing our collective IP capabilities and advancing our shared vision of a more integrated and prosperous ASEAN community.

Name : Rainy Harbiyanti Dewi (Ms.)

**Description of Expertise :** Since 2006, I have been actively involved in international IP cooperation, developing and managing collaborative initiatives with various countries and organizations. This extensive experience has provided me with a deep understanding of the complexities of international IP law, treaty negotiations, and cross-border collaborations. Beyond this, I have dedicated significant effort to enhancing the capabilities of Indonesian IP stakeholders. This includes organizing and managing a wide range of events, such as workshops, seminars, conferences, and training programs, designed to educate and empower individuals and organizations involved in the IP ecosystem. These initiatives aimed to improve their understanding of IP rights, strategies for IP management, and best practices for IP commercialization and enforcement.

Description of Expertise : I have gained diverse experience in the field of Intellectual Property (IP) finance, encompassing both practical application and strategic oversight. My experience includes managing budgets allocated for various IP-related activities, such as patent filings, trademark registrations, enforcement actions, and IP portfolio management. I am also well-versed in Indonesian financial regulations pertaining to IP, ensuring all financial transactions are conducted in compliance with local laws, including the proper settlement of payments. Furthermore, I have recently taken on a more strategic role, handling aspects of multilateral cooperation in which the Directorate General of Intellectual Property (DGIP) is actively involved. This involves coordinating with international partners, navigating complex agreements, and contributing to the development of collaborative initiatives related to IP rights and enforcement.
