<sup>1</sup> Documents submitted should include a copy of the (i) national written opinion or an examination report, or (ii) the written opinion, international preliminary examination report, or the international preliminary report on patentability ("WO/ISA, WO/IPEA, IPER, IPRP Chap I or IPRP Chap II") established by an ASEAN ISA/IPEA of a corresponding application from the first IP Office. These are the minimum documents. Please submit the claims referred to in the minimum documents. A claim correspondence table is required, except for the IP Office of Philippines.

<sup>2</sup> A patent application from another ASPEC participating ASEAN country is a corresponding patent application if it is linked by a Paris Convention priority claim to the patent application of which ASPEC is requested for, and vice versa, or it shares the same priority claim with the patent application of which ASPEC is requested for, from another patent application of a Paris Convention member country, or the patent applications are national phase entry applications from the same Patent Cooperation Treaty ("PCT") application.

<sup>3</sup> Please indicate the patent application number which the corresponding patent application claims priority from, where applicable.
